- **Part: References**

Once you have saved their contact details, your two referees will receive an automatic email from the platform with instructions on how to fill in the online recommendation form that will be added to your application file. Please note that **you cannot fill in the reference forms yourself**.

At least one form of recommendation should be from an academic or professional contact (lecturer, supervisor, work manager, etc).

If you cannot submit your application even though you have uploaded all required documents, it may be because your referees have not completed their recommendation forms yet. **Please note that your application cannot be submitted without one reference form at least.**

Please note that **two references** are expected . At least one reference must be provided, in order for the MPH application to be considered as complete and be submitted. Should you not be able to obtain more than one reference by the deadline, please write a letter explaining the reasons (upload this explanatory note within the additional document space). Please note that if you do not provide at least 1 reference, your application will not be considered as eligible. Should you have additional reference letters you would like to share with the MPH admission committee, please upload them within the additional document space

If your referees have not received the automatic email yet: Please ask them to check their spam-box. E-mails from our system may be placed there. If your referee still cannot find the email, you can send it again by logging into your account, going to the "Application Form" -> "References" and clicking on "Send the request for providing reference forms". A new e-mail will be sent to your referee immediately.
